From EC' 2011 - Calling Student/Youth volunteers: As I mentioned [in our last email](#), EC 2011 would like to constitute a Youth and a Students Wing. If you are a student aged between 15 & 21, consider joining the **Students Wing** and you may join the **Youth Wing** if you are 30 or below. EC 2011 envisions the youth and student wings independently planning & coordinating activities.

From KAW Charity - "Help Little Uma" - Uma, the six year old daughter of Dr. Indira Menon and Dr. Pramod Kaila of Atlanta, has been recently diagnosed with Bone Marrow Failure aka Aplastic Anemia. This makes her vulnerable to bruises and causes all her blood counts to be low, which in turn makes her more prone to infections and anemia. Although the current treatment plan is immunosuppressive therapy, the only curative treatment is a Bone Marrow transplant. Uma's family is searching desperately for a bone marrow match for her. If you think you will be able to help, please [click here](#) for details.

From KAW NewsDesk - "Japan Radiation" - Radiation from Japan's nuclear power plants not a health risk for Washington per Washington State Department of Health. Please [click here](#) for details.

From KAW ServiceDesk - "Travel Companion Request" - Aby's parents are planning to travel to Seattle April first week. Please let him know if you can help. Contact abythomas.t@tcs.com. Please [click here](#) for details.
